

# Assaults Child In Train: Draws Fine of \$100

## Man Arrested In Greensboro on Ugly Complaint of Little Girl, Is Taken to Chatham, Where Felony Warrant Is Changed to One of Simple Assault In Order Not to Detain the Prosecutrix.

Magistrate R. C. Collier, who yesterday evening presided in Chatham at the preliminary hearing of James W. Carpenter, arrested for attempting a criminal assault on a 13-year-old girl admitted late this morning on the telephone that the accused man is being held in jail until he pays a fine of \$100.

The magistrate said that the warrant was changed to one of simple assault. He said that this was the best disposition which could be made of the case. Had he sent the man to the grand jury it would have been necessary to put Ruby Ewing, the little girl and her brother in custody as witnesses since neither could give bond for their appearance. He said that he thought it best to dispose of the case in the way he did in order that the little girl would not have to break her journey. Carpenter has wired to Augusta for money and expects to win his release sometime today.

James W. Carpenter, 21, an ex-soldier, said to have served with the fourth coast artillery in the Panama Canal zone, is in jail at Chatham held there without bond for an alleged attempted criminal assault on Ruby Ewing, aged 13, daughter of a prominent woman of Martinsburg, W. Va. while on train No. 157 while it was coming from Chatham to Danville late on Wednesday night.

Carpenter, who states that he was discharged from service Wednesday 3 and who also claims to have been on his way to Augusta Ga. his home, was arrested at Greensboro at an early hour Thursday morning when the train stopped there and was taken back to Chatham yesterday, being given a preliminary hearing before a Chatham magistrate last night. The testimony is described as revolting and the accused man is said to have been taken to jail and his brother, who was allowed to continue the journey from West Virginia to California where they are to visit relatives.

The little girl and her brother, George, aged 12, boarded train No. 137 in Washington and entered the Pullman where they had a reservation. Carpenter who claims to have been discharged from service at Fort Sio-

# Attempt Made To Shoot Down Pres. Miller and

## Anarchist In Paris Aims Three Shots, but He Mistakes His Victim and None Is Hurt—Assassin Is Caught and Boasts of His Plot.

(By The Associated Press.) PARIS, July 14.—Considerable excitement was caused during the return of the presidential cortege from a military review at Longjumeau today when an unidentified man fired twice at the carriage of President Millerand. The man who appeared demented, was arrested after being beaten by the crowd.

The assassin later was identified as Gustave Bouvier, an architect, well known to the police. He stated he fired on Millerand in the belief that he was the president of the Chamber of Deputies. A marshal's baton was presented by Millerand to General Fagolle, and Franchet d'Esperey.

# American Oil Barges Fired On

(By The Associated Press.) CANTON, July 14.—Two Standard Oil barges flying American flags were fired upon today in the river two miles from here by troops of the Ku Klux Klan. The barge carrying oil was not damaged but the other barge was.

MRS. MELINDA FINNEY. A telegram was received here this morning announcing that the remains of Mrs. Melinda M. Finney who died at Charleston, S. C. yesterday, left that city at 5 o'clock this morning accompanied by her husband, for Danville where they will arrive at 11:40 tonight. The funeral will take place here and the hour will be announced later.

# First Bad Hail Storm Of Season Does Much Damage

Crops, particularly tobacco, in Pittsylvania county with Witt the central point and extending for a radius of about five miles, were damaged to the extent of thousands of dollars yesterday afternoon when an unusually heavy fall of hail accompanied the electrical storm which passed over this section about 1:30 o'clock.

Crops were badly battered and stripped by the hail, which was reported to be as large as the end of an average person's thumb. Probably tobacco suffered chiefly. One plant of tobacco brought to Danville this morning by a farmer from that section gave an idea of the destructiveness of the storm. The large leaves were torn up and some of them were ripped from the stalk. The greatest damage was between Hitch Harper's place at Old Pleasant Gap and Joe Blair's plantation. One farmer named Smith estimated his own personal loss around \$4,000. Others who reported heavy damage were J. T. Reynolds, Berkeley Smith, T. J. Jackson and J. R. Blair.

The storm passed over Danville about the same time, accompanied by heavy wind which unroofed a portion of Mosley's tobacco factory on Linn street. The electrical display was also vivid, which was followed by sharp reports of thunder. It was one of the most violent electrical storms which has visited Danville this year. There was a down-pour of rain for about half an hour.

One flash of lightning yesterday afternoon struck the city power plant on Bridge street. The lightning bolt struck the switchboard and was accompanied by a vivid flash within the plant followed by sharp crack like an explosion. The flash struck the lightning arrester and this threw an automatic switch preventing serious damage to machinery. The power throughout the city was cut off for a second or two until the switch was thrown back.

# Frazier Case Is Set For Monday

The trial of C. A. Frazier, charged with violating the Mapp Act, which was set for today, has been continued by Judge Withers until next Monday. Commonwealth's Attorney John W. Carter, who is attending the Elks convention in Atlantic City and who will not return before Sunday, stated to the court before Frazier was taken to jail here to represent the state in the trial. For this reason, it has been set for Monday when, from present indications, it will be tried. It has been hinted that there may be some startling revelations made in the case.

Several other cases are docketed for today, and the continuance granted Frazier will not interrupt the progress of the court. Cases docketed for today include Alex Hunt, charged with violating the Mapp Act, and Gilbert Holley, grand larceny. The case of Hunt, which tried N. L. Lancaster for grand larceny yesterday was discharged at about 5:15 being unable to agree, after deliberating for some time. The accused has been bonded in the sum of \$1,000 for appearance in September when the case will be retried. Judge E. Walton Brown, who conducted the prosecution, was vigorous in representing the state's interests in his final summing up.

Dan Thomas charged with his second violation of the Mapp Act, entered a plea of guilty, and was sentenced by the court to pay a fine of \$50 and to serve one month in jail. The court suspended the jail sentence in this case. Thomas was found in possession of less than \$1,000 for appearance in September when the case will be retried. Judge E. Walton Brown, who conducted the prosecution, was vigorous in representing the state's interests in his final summing up.

# Five Are Killed

HARTFORD CITY, Ind., July 13.—Five persons were instantly killed and three were seriously injured yesterday afternoon when a Pennsylvania railroad train hit an automobile at a crossing near here.

# City Council Will Meet At 8 Tonight

The city council will hold its monthly meeting at 8 o'clock in the council chamber, at which time numerous matters will come up for discussion and action. Several days ago the city auditor stated that the meeting would be a protracted one, owing to the large accumulation of business during the month.

# Dye Embargo Clause Taken Up By Senate

(By The Associated Press.) WASHINGTON, July 14.—The Senate turned to the dye embargo provision of the tariff bill today, putting aside the cotton issue. The provision of the bill provides for a 50 per cent increase in the duty on dyes. The Senate is expected to pass the bill by a large margin.

# Hague Parley Nearly Over

(By The Associated Press.) THE HAGUE, July 14.—No further joint meetings will be held by the Russian and American representatives here unless the Soviet representatives make known a desire to submit new proposals. It was decided this afternoon. Non-Russian representatives plan to have a private session here Wednesday.

# Deputy Sheriff Wounds Union Man

(By The Associated Press.) CHICAGO, July 14.—A deputy sheriff today shot and seriously wounded one of a crowd of men attempting to prevent workers from entering the Sears & Roebuck shops at the Illinois Central.

—Mrs. J. M. Green is ill at her home on Gray street.

—Miss Pendie Hubbard, of Clatsop street, is visiting her aunt, Mrs. Wyatts, at Mount Airy, Va.

# Boiling—And on Cake of Ice!

Steam shooting out of the spoon. The lid bouncing up and down. And the kettle's on a cake of ice. Fred Andrews, of Providence, R. I., and Miss Viola May, a Pennsylvania girl, are demonstrating the action of liquified oxygen. Its temperature is 344 degrees below freezing. Hence, the ice is hot enough to boil it.

# Tobacco Acreage Much Increased

## Acreage This Year Will Total 209,000 as Against 167,000 Last Year—Carolina Prospects Poor.

RICHMOND, July 13.—The Virginia tobacco acreage is estimated to be 209,000 acres, compared with 167,000 acres last year. 248,000 in 1920 and 208,000 the average for the past five years, according to the Virginia Crop Reporting Service.

The area in tobacco last year was reduced so much that although there has been an increase of 25 per cent the acreage is now approximately the same as the acreage for the past five years. On July 1 the crop was looking unusually well. The state is going to have a somewhat irregular owing to injury from cut worms. Fields are generally well worked and clean and the plants are generally larger and more advanced than usual. The average amount of fertilizer used per acre is reported to be 580 pounds, indicating a slight increase over the amount used last year of 550 pounds. The average condition on July 1 was 82 per cent, compared with 68 per cent last year and 82 per cent the ten year average. It is rather early to make any definite forecast of production. Unfavorable weather has materially altered the outlook. The July condition indicates a crop of 161,515,000 pounds. The production last year was 95,000,000 pounds, and the average for the years 1916-1920 was 145,000,000 pounds.

Some sections have made a much larger increase in acreage than others. The Burley district of Washington, Russell and Scott counties has planted the largest acreage in North Carolina of that section and will probably produce 3 million pounds this year.

The Dark District shows an increase of nearly 35 per cent over last year and some sections have exceeded the record acreage of 1920. In the Sun-cured belt the acreage has been increased from 40 to 50 per cent over last year.

The increase in the Bright district has been approximately 16 per cent. This district is raising more corn, wheat and oats than usual.

The prospects in North and South Carolina are very poor owing to too much rain. The condition in North Carolina on July 1 was 69 per cent, indicating a production of 280,416,000 pounds, compared with 294,264,000 pounds last year and 433,750,000 pounds in 1920. South Carolina had a condition of 65 per cent, indicating a production of 52,550,000 pounds, against 50,460,000 pounds last year and 65,000,000 pounds in 1920.

The Kentucky crop has excellent prospects with the condition of 89 per cent, indicating a production of 529,502,000 pounds, compared with 325,710,000 pounds last year and 476,000,000 pounds in 1920. The acreage is estimated to be 45 per cent greater than last year.

The total production of tobacco for the United States based upon the July 1 condition is increased to 1,425,000,000 pounds compared with the 1916-1920 average of 1,374,000,000 pounds.

# Non-Union Coal Mines Hard Hit By Rail Strike

The effect of the shopmen's strike is being felt in the West Virginia mining centers, due to the increasing shortage of cars. The Merril Coal Mines Inc., a mining concern operated by local capital in Logan county, West Virginia, is already affected. It is believed that the strike will have a serious effect on the coal industry in the state.

# S. S. Teams Played Tie Game Yesterday

The Christians and Shelton Memorial baseball teams played a tie game yesterday afternoon at Shiloh Park. The game was called on account of darkness. The Christians were well supported and pitched a good game. The Shelton Memorial team was also well supported and pitched a good game. The game was a tie, 0-0.

# Grey Bagley Will Be Assistant City Auditor

E. Grey Bagley has been appointed assistant city auditor to succeed H. V. Thomas, who recently resigned. Mr. Bagley will assume his new duties on August 1st. He is a well known and popular young man of this native city, and is highly recommended for the post.

# Strike Call Is Issued For 8,000 Other Ry. Men

## Estimate Here Is 100 Men Idle

One of the officials of the striking railway shop crafts said today that at least one hundred men belonging to the Danville union classes called out are idle, this being the highest local estimate of strikers yet given since the walk-out started. The official said that the men here are standing firm, and that they do not intend by their behavior to do anything which might reflect upon their conduct of the strike. In this particular section, the strike has been entirely passive, and there has yet to be recorded any disorder or personal clash.

A party of Danville strikers went yesterday to Spencer, N. C. traveling by motor instead of by train. They returned last night and said that everything was very quiet there. One Spencer bakery, they reported has offered to give the strikers two loaves of bread a day gratis as many as 1,000 being given away yesterday. Tenders of credit these men reported, have been offered by certain Danville merchants who show sympathy with their cause.

The belief prevails that as each day the strike is maintained rail traffic becomes more difficult, it will be only a few days before some compromise is reached—although this afternoon there was nothing in advices from Chicago which, on the surface, would indicate this.

To just what extent the government agents retained to see that the safety laws passed by Congress for the protection of the public and the railway men are carrying out these laws is problematical. Engines and rolling stock should, under these laws, be periodically examined and given an official "O. K." before being allowed to run. It is not known whether or not the government has served these inspectors with special instructions for temporary leniency in carrying out these laws.

# Green Pond Still Did Big Business

What Schoolfield officers termed as a "community still" was destroyed in the neighborhood of Green Pond yesterday afternoon, the entire outfit being smashed up and thrown into the creek. The police feel that they have broken up a moonshine plant which was used by the community at large because of the fact that there were five different pathways leading from the outfit in as many different directions. No arrests were made but before they reached the place, while about a half mile away, the officers saw a man with the still on his back making a hurried getaway. He made good his escape.

The raid was conducted by Constable W. A. Thomas and Deputy Sheriff J. E. Rice, of Schoolfield. They had received information that a whisky was circulating freely in the neighborhood and much of it was finding ready purchasers in other places. The two officers went to the scene yesterday and had no trouble in finding the source of the liquor, the outfit being discovered on a small branch in the midst of a thicket of shrubs. Leading out from this thicket were five different pathways and this fact convinced the officers that the plant was doing a rushing business not only by one party but by several. Examination of the large quantities of whisky for a rush showed that the best of moonshine whisky was being made. The officers soon had the outfit smashed to smithereens and tossed into the creek for the next heavy rain to wash away the large quantity of beer was also poured out.

# 1962 Automobiles Owned In Danville

Morris Moore deputy clerk of the Corporation court has just completed a comprehensive list of the automobiles owned in Danville. This gives the names of the owners, their addresses, the state license number and the type of machine. The list, which is alphabetic and compiled from the records in the clerk's office, shows that there are 1962 machines of all makes owned in Danville, this figure being considerably larger than the estimates which were recently made.

This does not take into consideration the large number of automobiles which are owned in Schoolfield and which are seen on the streets of Danville with the same frequency as those actually owned here.

# CANADA AND UNITED STATES TO SIGN DISARMAMENT TREATY

WASHINGTON, July 12.—Negotiations for a treaty between the United States and Great Britain, under which disarmament as between this country and Canada will be prepared, will result from the visit to Washington of Mackenzie King, Prime Minister of the Dominion, was announced officially tonight.

For more than an hour the Canadian statesman conferred this afternoon with Secretary of State Hughes. Most of the time was devoted to the subject of the Canadian disarmament conference to be held in London, under which the old Rush-Bagot agreement of 1817 would be replaced by a new one.

Under this agreement the United States and Canada have lived for 117 years without a frontier war. The two countries were engaged in a war of 1812, but had nothing to do. In the course of time the little naval arm of the Rush-Bagot agreement of 1817 was replaced by the larger one of the present agreement. The new agreement is expected to be signed by the two countries in the near future.

The new agreement is expected to be signed by the two countries in the near future. It is expected to be signed by the two countries in the near future. It is expected to be signed by the two countries in the near future.

—Mrs. Samuel A. Schoolfield and two children, of Washington, D. C., are in the city, visiting Mrs. Schoolfield's mother, Mrs. G. S. Wooding, 724 Main street.

## Be a REAL WOMAN

Sparkling with vivacity and spirit; glowing with vitality and owning a complexion that any school girl might envy.

It is easy to have a soft velvety skin free from blemish, rosy cheeks and well formed neck and shoulders. Every one knows how yeast builds health and vitality, clears the complexion out the hollow places and puts good skin flesh just where it is needed.

And the reason "Ironized Yeast" was used today is IRONIZED YEAST enables the yeast to produce its results twice as quickly. Get IRONIZED YEAST from your druggist today. You'll soon look and feel years younger.

THE ONLY YEAST THAT IS GENUINELY IRONIZED

## ANSWER TO THE MARSHALL CLUB

In yesterday's paper there appears an article signed by the "Marshall Club," under the heading "The Other Side of Our Cheap Utilities."

This statement says that instead of these departments being run without loss to the city as Mr. Talbott claims, the books of the Auditor's Department show that they were run at a loss of \$34,106.00. In answer to this inaccurate statement I submit the following certified and signed statement from the City Auditor as to what his books do show.

Statement from the City Auditor's Books for the Year Ending April 30, 1921

Total Revenue			
Water	59,013.33		
Gas	168,795.32		
Electricity	214,947.52		
			\$442,756.17
Total Operating Expenses			
Water	45,955.81		
Gas	227,315.50		
Electricity	145,454.74		
			\$418,726.35
Excess of Revenues over operating Expense			\$ 24,029.82

I, Richard P. Moss, hereby certify that the foregoing statement is correct as shown by the books of this office.

(Signed) RICHARD P. MOSS,  
City Auditor of the City of Danville, Va.

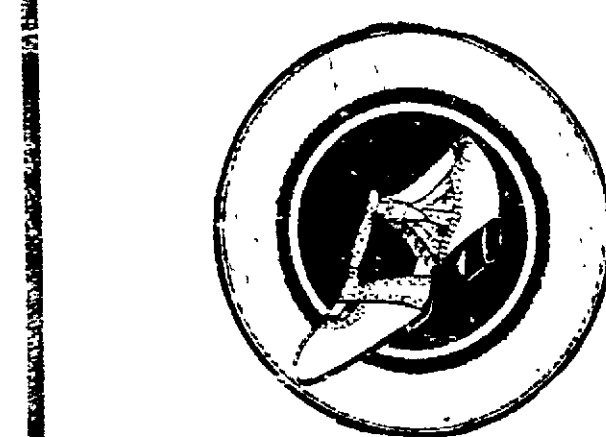

The year ending April 30, 1921 was a most disastrous year to Public Utility Companies all over the country, and to private business as well, even in Danville. I think the citizens of Danville have a right to be proud of the fact that during such a disastrous business year, their Public Utilities did not show a loss. In this disastrous year certain influential citizens sought to have the gas rate increased. I urged the Council to postpone any increase in the belief that another year would produce more nearly normal results. The Auditor's Report for the year ending April 30, 1922 (now in the printer's hands) will show that this belief was not unfounded. The Gas Department will show for this year ending April 30, 1922 a small profit; and the three utilities combined will show a safe margin of revenues over expenditures.

The rate of charge to customers outside of the city limits (including the Dan River Cotton Mills) is fixed by the City Council. In May, 1920 the Council fixed the rate on gas inside the city limits at 1.20 net a thousand cubic feet, and on gas outside the city limits at 1.35 net, users outside of the city limits to pay the entire cost of mains and connections, whereas inside the city limits this cost is paid by the City. It is a matter of record that Mr. E. H. Marshall, was president of the City Council at the time this rate of charge was fixed and voted in favor of it.

The total amount of gas consumed by all consumers living beyond the corporate limits will not amount to 1 per cent of the total output for which the citizens residing on North Main St. Extension, Mountain View, Jefferson Street Extension and Schoolfield paid the higher rate fixed by the City Council in 1920 at which time Mr. E. H. Marshall was the president of the City Council. The effort of the "Marshall Club" to show that this item places an increased burden of taxation on the citizens of Danville is not supported by the facts.

Respectfully,  
FRANK TALBOTT.

## Largest Yacht on the Mississippi

The North Star, Dr. Wm. J. Mayo's \$100,000 yacht, just after it had been launched at St. Paul. It is 120 feet long, with a 22-foot beam, the largest screw-propelled boat on the Mississippi.

## Canvass Enlivens As Primary Nears

With but fifteen days left of the now enlivening canvass for nomination for United States senator and superintendent of municipal public utilities, the candidates in both contests are showing a disposition to speed up and to increase their appeals to the voters, in the Democratic primary of August 1st. In both instances such campaigning as has been done up to this time has been mainly through the medium of newspaper publicity, but now quiet work has been done also. In the canvass for the Senate, Swanson buttons have appeared on many lawns, and as the senator is a former Danville boy, a native and a resident of Pittsylvania, his friends here are active in his behalf and will spare no reasonable effort to get out the vote and to make his plurality a landslide. Mr. Davis, the opposing candidate, has visited Danville several times, and it became known yesterday that he had secured the use of the municipal hall for next Wednesday evening, the 19th, at which time he will make a personal appeal to voters. He has also employed a band for that occasion. These arrangements, it is understood, were concluded through his friend and former staff officer, Col. D. J. Holcombe, of Pittsylvania.

Mr. Swanson is not expected to speak here, being busily engaged in the discharge of his official duties at Washington, but his interests are not being neglected, and the mails have brought many evidences that his headquarters are busy and are sparing no effort to make universally known the record as representative, as governor and as senator. While it is assumed that Mr. Davis will get some votes here, it appears certain that his total vote in Danville will be negligible.

## NEWS OF CHATHAM

CHATHAM, Va., July 12.—On Monday afternoon, July 12, the Board of Public Works met to decide the location of an improved road the proposed route being from Gretna by Totes, Pittsylvania to Louisa Island bridge, thence to the Franklin county line, thence to Gretna, Chatham through the district to the Franklin county line. The election resulted in 54 votes for the route from Gretna and 220 from Chatham and in keeping with the express will of the majority of the voters the Board of County Supervisors, at its meeting Tuesday, went on record to build the road on the Gretna route, work on which is to begin at an early date. The board at this same meeting elected E. B. Fitzgerald, Jr., county supervisor to succeed W. L. Davis, resigned. The annual meeting of the board will be held on July 24.

Raymond Hunt was taken to the Danville hospital on Tuesday for treatment for blood poison. When last heard from he was not resting comfortably.

Rev. and Mrs. Mickel, after spending several days visiting friends and relatives of Mrs. Mickel left on Wednesday for Charlotte Court House, accompanied by Miss Alice Shepherd. Mr. Geo. H. Terry, of near Laurel Grove, Pittsylvania county, passed away at his home on Saturday night from pneumonia and was laid to rest in the family cemetery Monday afternoon. He is survived by his wife and several children.

Mr. and Mrs. McKee of Raleigh, N. C. and Mrs. Geo. Spruce of Burlington, N. C., were the week end guests at the home of Mr. G. S. Spruce North Main street.

The Business Men's Club on Tuesday night decided to purchase the lot from C. E. Terry, near the Southern Depot, on which they will erect a commodious building for a redrying plant to be used for the benefit of the Farmers' Co-operative Marketing Association.

The work on this structure is to be commenced at an early date and will be pushed to completion in order to be ready for business when the season opens.

## WIND STORM TEARS ROOF OFF FACTORY

A wind storm yesterday afternoon shortly after one o'clock blew off one-third of the roof of the tobacco factory of E. G. Moseley, Linn street, damaging the building and stock of tobacco to the extent of \$1,000. About 60 feet on both slopes of the tin roof was peeled off by the wind blowing at a high velocity.

The tin was rooted up by the force of the wind and when it reached the end of the roof dropped off onto a truck, belonging to the firm. No damage resulted to the truck.

Employees at the factory state that the wind blew at a terrific gate for a few minutes in the section where the factory is located. None of the employees was hurt.

There was a large quantity of tobacco hanging on the top (third) story of the building. This was drenched. There was also a number of hogsheads of tobacco damaged. The tobacco in the hogsheads will have to be rehandled.

Mr. Moseley stated last night that he hoped to have the roof on the building by this afternoon.

## CHARTER HAS BEEN ISSUED TO OLD ROAD

RICHMOND, Va., July 13.—A charter has been issued to the Franklin and Pittsylvania railroad company, Rocky Mount, Va., with an authorized capital of \$100,000. The purposes are to operate the old railroad line between Rocky Mount and an extension to Gretna, which connects with the Norfolk and Western. The road was that which for a long time operated by the Southern, was surrendered, abandoned, sold at auction and bought in by local men. H. P. Angle, is president, and R. E. Ferguson, secretary, both of Rocky Mount, with the following directors: C. S. Barnett, Thomas Oliver W. Dudley, Glade Hill, John P. Lee, Rocky Mount, and C. J. Davis, Rocky Mount.

## ROCKY MOUNT NEWS ITEMS

ROCKY MOUNT, Va., July 12.—Miss Eva Saunders who has been the guest of her sister, Miss Annie Saunders, at the "Farm," has returned to Boyce.

Benjamin Shepherd who has been ill at Mayo Brothers Hospital, Rochester, Minn., is reported some better, and symptoms are favorable to his recovery.

Miss Lydia Dillard who has been visiting Mrs. Ellen Finley, Martinsville, has returned, accompanied by Miss Madge Field or Martinsville.

Nelson Dickinson who for the past week was the guest of his uncle, Mr. Hugh Strayer, in Knoxville, Tenn., has returned.

Mr. Kenneth Noel, a former Rocky Mount boy, but now of New York City, with Mrs. Noel and three children, have arrived in Rocky Mount, and will spend several days visiting friends.

Mrs. D. C. Grubbs and Mr. and Mrs. J. F. Graves of Danville, left for a motor trip, Monday, through the western part of North Carolina.

Mrs. P. T. Walker has been the attractive guest of Mr. and Mrs. C. J. Snoot, at "Wachovia Villa," N. C.

Miss Page Price, a recent guest of Mrs. Rappi Myers in Salem, returned Monday after a pleasant visit.

## KIWANIS CLUB HOLDS REGULAR MEET YESTERDAY

The Kiwanis Club came out strong for the "kids" of Danville at its regular meeting yesterday at the Burton Hotel. Indignant protests were heard from various members regarding the proposed removal of playground apparatus from Green Street Park. It developed that members of the Kiwanis Club were originally instrumental in securing a portion of the playground facilities followed, and the result was the appointment of a committee to appear before the Council at its next meeting in an endeavor to see that proper play facilities are maintained somewhere in the city for the children.

George Geoghegan, Sr., outlined a proposal for the Kiwanis Club's forthcoming picnic, which will include all the old fashioned frills usual to picnics. The principal feature of which will be a barbecue dinner cooked by the Kiwanians themselves. The affair promises to be a big success with a record attendance, and will take the place of the Club's regular meeting on being July 27.

Yesterday's meeting developed into an unusually interesting forum of discussion on various topics of interest, which at times grew decidedly heated. It was decided that ten minutes of each meeting in the future will be given over to popular discussion of matters relating to the good of the club and the public. The members of the club yesterday decided by unanimous vote that when the 100 mark is reached the membership will be closed, due to the fact that it is difficult to accommodate more than that number at regular meetings.

## FEW VOTERS REGISTERING

Inquiry made yesterday of the registrar of one of the most populous wards of the city elicited information that a few new registrations have been added preliminary to the primary election on August 1st at which time the State will nominate a Democratic candidate for United States senator and the city superintendent of public utilities. It is a primary, the opportunity to register or transfer will be open up to the day of election.

Likewise few persons absent from the city who expect to be away on the date of the primary have applied for ballots to be sent in by registered mail. In fact, the vote promises to be practically no greater than it would be if the primary were had today.

## MOROTOCK LODGE AT WORK

At a well attended communication of the Morotock lodge, No. 210 A. F. and A. M. last night in Pythian hall a number of candidates were elected for initiation in Masonry, and after the regular business had been disposed of the lodge conferred the P. C. degree on three candidates for advancement.

A movement has been inaugurated by this lodge to increase the fees for degrees by 50 per cent, both the other lodges having already advanced their fees.

## A PROSPECTIVE WEDDING

Announcement is made from Los Angeles, Cal., of the prospective marriage in that city of Miss Hilda B. Neaves to H. Oscar Dodson, formerly of Danville, Va., but now residing in Southern California metropolis. The wedding to take place on Sunday, July 30th. The bride-elect was formerly a resident of Hastings, England. Mr. Dodson is well known in this city where for a number of years he resided and in this and adjoining counties.

The perfume from violets is said to cause huskiness and sore throat.

## Strike Guards Leave Raleigh After Protest

RALEIGH, N. C., July 13.—Ten men imported by the Seaboard Air Line for special police duty at the Raleigh shops during the strike of shop crafts men were ordered back to Portsmouth, Va., today after their presence here had given birth to a variety of rumors concerning wholesale importation of strike breakers and had aroused strikers and their sympathizers to the point where Mayor E. B. Eldridge asked M. H. Cahill, vice president of the Seaboard at Portsmouth "to withdraw them and to refrain from sending others."

Mayor Eldridge's telegram to Mr. Cahill follows:

"On representations that your company has sent strikebreakers to shops here, I beg you to withdraw them and refrain from sending others. City is giving protection to your property, but there is grave reason to fear that presence of strikebreakers may precipitate a riot. Mr. Cahill telegraphed Mayor Eldridge this:

"We have not sent any strikebreakers to your city and we sincerely hope it will not be necessary."

W. L. Stanley, Seaboard vice president in charge of public relations who here, I beg you to withdraw them and refrain from sending others. City is giving protection to your property, but there is grave reason to fear that presence of strikebreakers may precipitate a riot. Mr. Cahill telegraphed Mayor Eldridge this:

"We have not sent any strikebreakers to your city and we sincerely hope it will not be necessary."

## LAY CORNERSTONE OF KENTUCK SCHOOL

Many Members of the Masonic order from this city will go to Kentucky today to attend the ceremonies incident to laying the cornerstone of the Kentucky high school, one of the largest and most creditable schools of its kind in this section. The ceremonies will be under the auspices of the lodge of Masons near that place. Preparations are being made for a large crowd on this occasion, and the day promises to be a notable one in that section of the country.

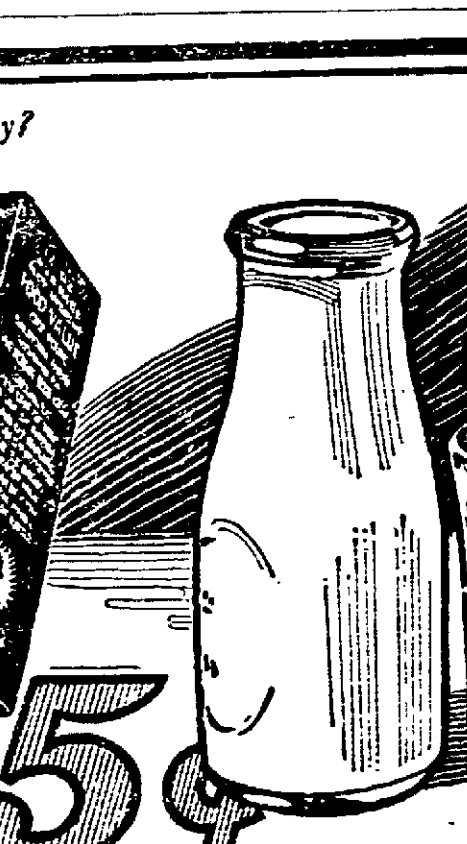

## ENTERTAIN FOR VISITORS

An enjoyable entertainment was given by Misses Elsie and Aubrey Burton on the beautiful lawn of their country home near Laurel Grove Wednesday evening in honor of a few visiting friends. The honorees were: Miss Veda Ulmer, of Florida; Miss Virginia Hall, of Norfolk, Va.; Miss Grace Carwell, of Farmville, Va.; Miss Helen Bailey, of Scotsburg, Va. Guests included a number of ladies and gentlemen from Danville and surrounding vicinity.

## Boys Make Money Selling Papers

Unusual opportunities are open to boys twelve years or over, selling the Register and Bee daily. One hundred per cent. profit on sales. The new unjust child labor law will force many of the young newsboys to give up a profitable business for the present.

## Had Your Iron Today?

## Work Brains—Not Digestion

Here's an ideal hot-weather luncheon!  
Two packages luscious Little Sun-Maid Raisins—one cool glass of milk. Big men don't need more.  
290 calories of energizing nutriment in the little raisins. Pure fruit sugar, practically predigested so it acts almost immediately, yet doesn't tax digestion and thus heat the blood.  
There's fatigue-resisting food-iron also in this lunch.  
Vital men eat like this and resist the weather. Don't work their digestion because they want to work their brains.  
Try it for a few days and you'll feel better.

# EFIRD'S DEPT. STORE

**LIGHTNING BOLT KILLS ONE; 2 MORE MAY DIE**  
GALAX, Va., July 12.—Near Iron Ridge Sunday afternoon Henry Smith and two sons of John Weatherman were struck by lightning. Preston Weatherman, 17 years of age, was instantly killed. The other two boys were severely burned and are expected to die. The boys were on their way to Iron Ridge church to attend Children's Day exercises. During the storm the boys took shelter under a gum tree, climbing upon a wire fence, which was nailed to the tree. Lightning ran along the wire fence and knocked the boys off, killing Preston Weatherman instantly.

**BE CAREFUL WHAT YOU WASH YOUR HAIR WITH**

Most soaps and prepared shampoos contain too much alkali, which is very injurious as it dries the scalp and makes the hair brittle. The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulford's at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful of Mulford's is all that is required. After rinsing, wash with clean water, then cleanse thoroughly and rinse out easily. The hair dries quickly and evenly and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. It keeps it limber and takes out every particle of dust and dandruff. Be sure your druggist gives you Mulford's—adv.

**LOCATED NEAR CENTRAL Y. M. C. A. SPRAY, N. C.**

**Mexican Bandit Visits American Oil Camp for Tribute**

Gorazve, famous Mexican bandit (arrow), snapped as he entered the Aquada camp of the Cortez Oil Corporation to demand 15,000 pesos to promote a revolution. On his left, hands on hips, is the famous "The Yaqui." Fifty Americans in the camp were held as prisoners, but were not molested.

**National Open Golf Tourney Begins Today**

**SKOKIE COUNTRY CLUB, GLEN CO. Ill., July 13.**—(By The Associated Press.) The qualifying rounds in the national open golf tournament ended tonight and tomorrow seventy-five players many of them champions and all survivors of a field representing every golfing nation in the world will start the seventy-two hole finals for the American open championship. Officially, the winner will be champion of the United States, but in the minds of many will be considered holders of the world's golf title, for victory will be obtained only through defeat of champion club swingers from all golfing sections of the Universe. Twenty-four men won their way into the finals in today's qualifying round. Robert MacDonal, the long driving Chicago professional, leading the field with a score of 72-71-143. The score necessary to qualify was 152. All of the better known stars qualified except A. A. Armour, Scotch amateur titleholder and Freddie McLeod, of the Washington, D. C. professional, who formerly held the open championship. Armour could not get his approaches to the green, a total of 154 two strokes too many to get in. Four amateurs were in the list of today's successes. Willie Hunter, former British champion, leading the way among the non-professionals with a score of 75-70-145, while Harrison E. (Jimmy) Johnston, St. Paul's brilliant young shooter, took three strokes more. Leroy Webster of Chicago, also 145, and William Rautenbusch, another Chicagoan, were the other amateurs to qualify, making the total for the three days. For a time it looked as if rather high scores would get by, but gradually the totals became lower until it was found that there were seven men under the 150 mark, where

there were only thirteen Monday and fourteen Tuesday. Willie Hunter spoiled the hopes of the players with 153 and 154 when he shot the afternoon round in par 70, his 145 total being all that was necessary to push out those beyond 152. Bob MacDonal's golf at times bordered on brilliancy, but at others falling down on opportunities to break a par total. His drivings was the best seen here in many a day, not even barring Abe Mitchell's drives. Drives of 250-300 yards carry were frequent and they went absolutely straight. It was on the greens that MacDonal got into most of his trouble. Paired with Pat O'Hara, of Richmond county, N. Y., they drew the biggest gallery of the day. O'Hara, after some very bad holes in the morning and early afternoon pulled himself together with some great putting and ended with 147. Four of the qualifiers turned in par sevens in one of their rounds, the quartet being Ned McKenna, of Rochester, N. Y., Willie Hunter, George Kerrigan, of White Beeches, N. J., and P. O. Hart, of Marietta, Ohio. Hart's work in the afternoon was the most remarkable of the day, for he had taken 82-12 over par in the morning—and seemed hopelessly out of the running. In the afternoon he made 70 for the 18 and 152 for the thirty-six, just enough to qualify. Charles Rowe, of Pittsburgh, also made a nice comeback when he played the last afternoon nine in 33 after a 39 going out. Another player who had a good day, Eddie Towns, of Shannopin, Pa., who brought in a 71 in the morning and handed the card in to the scorekeeper with out telling anyone he had made the 180 yard, thirteenth hole in one. This is the first time a hole has been made in one in an American open tournament, although Jock Hutchison did it in the British open tournament a year ago and followed with a two on a par four hole. Willie Hunter was one of the surprises of the day. He went out in 75 in the morning but gave a wonderful exhibition in the afternoon scoring a par seven for a 145 total, which threw him into a tie for second place today

with Towns, McKenna, and William Melhorn, Shreveport, La., professional. Emmett French, of Youngstown, Ohio, professional, who captained the American professional team, journeying to England a year ago, played nicely, running fifth with 148. The most amusing play of the day came when Bill McGuire, Chicago amateur, and formerly western conference champion, sliced his drive on the sixteenth into a bar at the side of the fairway. The ball rolled in the door and when McGuire came up found it under a horse, one of the animal's hind legs creating a stymie. After some persuasion, the horse moved over and Bill tried to pitch the ball through a window. The window was too small and McGuire finally resorted to a couple of putts back through the door-way finally totalling eight on the par four hole. Alex Brown, a Chicago player, probably set a new record for high scores in a national tournament. He made the morning round in 91 and then scored an even 100 in the last 18 holes for a total of 191. Following are the names and scores of the players who qualified today for the finals tomorrow and Saturday. Bob MacDonal, Chicago, 71-71-143. Ned McKenna, Rochester, N. Y., 76-70-145. Eddie Towns, Shannopin, Pa., 71-74-145. William Melhorn, Shreveport, La., 74-71-145. (x) Willie Hunter, England, 75-70-145. Ed. die Loos, Chicago, 73-75-148. Emmett French, Youngstown, O., 74-72-148. Pat O'Hara, Richmond county, New York, 76-71-147. Tom Boyd, Fox Hills, N. Y., 71-76-147. (x) Harrison R. Johnston, St. Paul, 72-76-148. (x) Dewey Weber, Chicago, 75-73-148. George Kerrigan, White Beeches, N. J., 70-75-145. (x) William Rautenbusch, Chicago, 77-72-149. Charles Rowe, Pittsburgh, Pa., 76-73-149. "Chick" Fraser, St. Paul, 72-77-149. Tom Kerrigan, Swanoy, N. Y., 75-71-149. Dave Robertson, Detroit, Mich., 75-75-150. Laurie Arton, Chicago, 72-78-150. J. Turnesa, Elmsford, N. Y., 72-78-150. George Bowden, Chicago, 74-78-152. Cyril Hughes, Lancaster, Pa., 78-74-152. P. O. Hart, Marietta, O., 82-70-152. F. R. Decker, Knoxville, N. Y., 79-

**35-150.** William E. Hutchison, Elkhart, Ind., 103. J. B. Brophy, Cincinnati, 157. P. W. Henry, Harbor Springs, Mich., 156. Harrison Johnston, St. Paul, 148. Willie Hunter, Eng., 146. W. M. Brown, Memphis, Tenn., 160. Don Parker, New York, 164. Dave Livie, Lake Geneva, Wis., 157. (x) Amateurs. Among those who failed to get into the qualifying class below 152 were: Frank Clark, Asheville, N. C., and H. H. Brockett, Atlanta.

**FIND GOLD ORE ASSAYING \$20,000 TON IN COLORADO**

**COLORADO SPRINGS, Colo., July 13.**—Gold ore that will assay as high as 20,000 a ton has been struck in the 2,600 foot level of the Portland mine at Victor, Colo. according to Joseph W. Ady, Jr., managing director of the Portland Gold Mining company, who arrived here today with the news of one of the biggest strikes made in the Cripple Creek district in years. There has been found in two streaks of a rich four-foot vein, one and four inches in width, respectively, according to Ady.

The drift was opened two weeks ago and blasts this week have revealed the two streaks almost solid calaverite and sylvanite, Ady declared last night.

The ancient Mexicans reduced gold ore by dragging granite rock over the quartz spread about in a circular groove.

**GIRL IN DIPLOMATIC POST**

**LONDON, July 13.**—Miss Nadejda Stancloff, daughter of the Bulgarian Minister in London, has been appointed first secretary at the Bulgarian Legation in Washington, it was announced today.

This is the first known instance of the appointment of a woman to such an important diplomatic post. Miss Stancloff, who is 25 years of age, a graduate of the Sorbonne, and who speaks seven languages, represented Bulgaria, with Premier Stamboullisky, at the Geneva conference and has participated in several meetings of the League of Nations.

In the absence of her father, she had been in charge of the Bulgarian Legation here and is referred to as a "Lady Plenipotentiary." She leaves for America in September, replacing Dr. Lessinoff, now the first secretary of the Washington Legation, who will come to London.

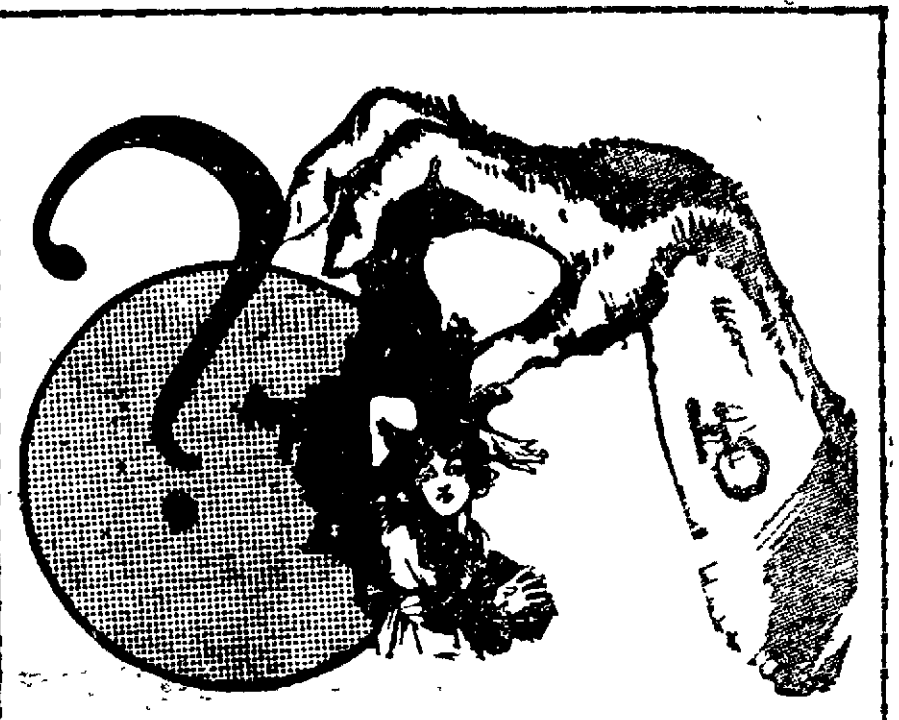

**Boys Make Money Selling Papers**

Unusual opportunities are open to boys twelve years or over, selling the Register and Bee daily. One hundred per cent. profit on sales. The new unjust child labor law will force many of the young newsboys to give up a profitable business for the present.

**S. S. S. Fills Out Hollow Cheeks, Thin Limbs!**

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people. It puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "plump" in your cheeks. It takes the hollowness from the eyes, and it fooshes Father Time by smoothing out wrinkles in men and women by "plump-ing" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

**"The Tattooed Arm"**

## Radical Retreat By Soviets Is Now Necessary

THE HAGUE, July 13.—(By the Associated Press).—Only a radical retreat by the soviet delegates from the stand they have taken on confiscated property can prevent the official dissolution of the conference. Following upon the action of the non-Russian sub-committee on private property in formally deciding that no useful purpose could be served in continuing the negotiations with the Russians, the committee of the credits commission agreed this afternoon to inform the Russians tomorrow that as the property negotiations had failed there was no reason for continuing the discussions on credits.

## MRS. HEWITT WEDS A BARON AFTER REFUSING 17 PROPOSALS OF SHAH

NEW YORK, July 13.—It was only a few days ago that cable dispatch from Paris told of the refusal of Mrs. Peter Cooper Hewitt to wed the Shah of Persia after she had refused 17 proposals of the Shah of Persia that she share his throne. She is now wedded to Baron Robert Dierling, a little thing to New York society, in which the widow of the electrical inventor is well known.

## Final Responses On Arbitration Offer On Monday

WASHINGTON, July 13.—While all government action bearing upon the coal strike situation remained in suspension today, and will continue, so, according to official expectation, until Monday, when final responses from the bituminous industry to President Harding's arbitration offer are to be made, efforts to obtain modification or interpretation of the arbitration offer itself were continued by operators and miners' union representatives.

## CHRISTIAN ENDEAVOR IN SESSION AT HOT SPRINGS

HOT SPRINGS, Ark., July 13.—Duncan B. Curry, of Jacksonville, Fla., chairman of the All South convention of the Christian Endeavor, called the eighth annual convention to order here tonight with about four hundred delegates present.

## Lewis, its president, to meet Saturday

The union dissatisfaction with the offer rests chiefly upon doubt as to whether the prospective arbitration award can be made to apply to all the mines and workers which they claim as unorganized, with some objections also to submitting to adjudicate the "check-off" system of collecting dues of union members from the employers' pay-roll.

The anthracite operators have submitted an acceptance of the arbitration proposals, complete as to the principle, asking only a separate tribunal from that appointed for the bituminous industry but the union attitude will be defined in this section of the industry at the general policy committee meeting. Observers consider that the union leaders will not accept arbitration in the anthracite fields until arbitration in the bituminous areas is also accepted.

## CHURCH MATTERS

ANNOUNCEMENT BY POSTMASTER THORNTON THAT THE DUTIES OF HIS OFFICE WERE SUCH THAT NEITHER HE NOR HIS ASSISTANT COULD LOOK AFTER ELECTION BALLOTS HAS BEEN THE SUBJECT OF MUCH COMMENT HERE AND THROUGHOUT THE STATE.

Postoffice department officials in Washington said today they had not been informed of the refusal of Mr. Thornton to certify ballots, but it was understood that Senator Swanson had advised postal officials it was his opinion that the State must deal with postmasters as with other of its

## Va. Postmasters Must Obey Law As To Absent Vote

RICHMOND, Va., July 13.—Postmaster Hay T. Thornton tonight when advised of an Associated Press dispatch from Washington, in which postoffice department officials in Washington without making and ruling in the matter, expressed the belief that Virginia postmasters must obey the State law providing that ballots of absent voters be certified by local postmasters, said he is waiting a ruling from the postmaster general vesting him with authority in fact of the necessary expense of certifying the ballots. Additional help, Mr. Thornton said, would have to be employed in order to take care of the absent voters. The force now on duty, he declared, is insufficient for the extra work entailed by the State law.

## citizens failing to carry out provisions of the State laws.

Mr. Thornton said today that in the last State election the work of the postoffice was seriously crippled by the flood of ballots that came to him for certification and he criticized the legislature for enacting a measure which makes it unlawful for this work to be done by a notary public.

One thousand gallons of paint are required to paint the dome of the Capitol in Washington.

## GUILTY OF MURDER.

YORK, N. C., July 13.—Guilty of murder, but with a recommendation to the mercy of the court, was the verdict rendered tonight by the jury in the case of Albert Zimmerman, charged with the murder of J. Pink Higgins. Defendant's counsel immediately moved for a new trial and argument will be heard on the motion tomorrow morning.

—Mrs. W. S. Snyder and Mrs. L. I. Graves agent Wednesday in Greenboro, N. C.

### Storm Damage In Richmond Heavy

(By The Associated Press.)  
RICHMOND, July 14.—Several  
were injured, and property loss es-  
timated at half a million dollars re-  
sulted from the heavy rain which  
last night sent the James river  
over its banks, and inundated east  
Main street.

### WHEN YOUR BABY HAS THE COLIC

New Cordial Called "Anti-Fer-  
ment," Originated by a Drug-  
gist and Recommended by Phy-  
sicians, Neutralizes Acid Con-  
dition of Stomach, Prevents  
Fermentation and Brings In-  
stant Relief.

No Opiates or Other Harmful  
Drugs. Safe and Immediately  
Effective. Pleasant to Take.

To rear a perfectly normal, healthy  
baby, look to its stomach, for right  
there is where baby's trouble starts,  
beginning with indigestion that results  
in colic, diarrhoea, sour stomach, gas  
and other more serious stomach and  
bowel troubles. The minute baby be-  
gins to fret, he should have immedi-  
ate attention, for this is his way of  
telling you that he has indigestion.  
Indigestion, due to fermented food  
in the stomach, throws toxic poisons  
into the little system and sets up irri-  
tation and inflammation in the stom-  
ach and intestinal tract. This fer-  
mentation can be immediately check-  
ed with Anti-Ferment, bringing  
prompt relief to the baby and rest for  
the mother. Your doctor will approve  
the use of Anti-Ferment. It is perfect-  
ly harmless, pleasant in taste and  
very effective. Any druggist can supply  
you. Specify "Anti-Ferment" for  
children.—adv.

### CLEMENTS, CHISM & PARKER

### On Stretcher, Asks Damages

RICHMOND, Va., July 13.—  
Brought into court on a stretcher,  
Andrew L. Gailles, traveling sales-  
man, victim of the Lexington hotel  
fire, who has been at a local hospi-  
tal ever since he fell from one of the  
upper story windows of the hotel  
while trying to make his escape, will  
testify in city circuit court today in  
the trial of \$100,000 damage suit  
which he has brought against Fritz  
Sitterding, the owner of the hotel  
building. This was announced by  
Attorney J. C. Wendenburg, who,  
together with T. Gray Haddon, is  
prosecuting the suit. Judge B. D.  
White, of Lynhaven, of the Twenty-  
eighth circuit, is sitting in the case  
for Judge R. Carter Scott, who will  
not be able to be here.

Mr. Wendenburg made a long  
opening statement in which he said  
the plaintiff would be able to show  
that the hotel was not fit to be a hot-  
el; that Mr. Sitterding was re-  
quired to pay three times as much  
insurance premiums as the highest  
rate on any other hotel in this city  
and eight times as much as the low-  
est; that Mr. Sitterding had violated  
the building code requirements by  
not applying for a permit from the  
building inspector when making re-  
pairs there the first of the year; that  
he had had the elevator taken out  
of the building three weeks before  
the fire occurred; that despite the  
ordinance requirements that the el-  
evator shaft was left open; that two  
floors occurred in the hotel ten days  
before the big fire; that workmen  
had swept shavings down the open  
elevator shaft and had placed other  
inflammable material in and around  
the elevator shaft so that the man-  
agement of a laundry had complained  
about it; that the building code re-  
quirements regarding a fire escape  
had not been complied with and that  
there was no red lights burning in  
the halls to indicate the direction of  
the escapes with which the hotel was  
provided.

### Motorists Drinking Nation's Gas Supply

WASHINGTON, July 13.—The  
American people have been auto-  
mobiling so much lately that the na-  
tion's record-breaking stocks of gas-  
oline and oil are showing considera-  
ble depletion.  
Nearly 500,000,000 gallons of gaso-  
line were used during May. That is  
within 4,000,000 gallons of the high  
mark set in August, 1921.  
That record is certain to be shat-  
tered before the summer is gone.  
Stock on hand at the beginning of  
June amounted to 856,007,102 gallons,  
a drop of more than 35,000,000 gal-  
lons from the total stock at the begin-  
ning of May. It was expected the stock  
might reach the billion-gallon mark,  
but the consumption of 499,242,343  
gallons in May killed every possible  
chance.  
The stock of lubricating oils also  
showed a corresponding decrease,  
dropping from 237,229,814 gallons,  
May 1 to 226,292,334 gallons a month  
later. Approximately 60 per cent.  
of the lubricating oils marketed are  
used by automobiles.

### Stock, Brokers' Firm Bankrupt

(By The Associated Press.)  
NEW YORK, July 14.—Failure of  
the stock brokerage firm of Nash  
and Company of Chicago was an-  
nounced in the New York stock ex-  
change today.

**Big Concern**  
CHICAGO, July 14.—Assets of the  
Nash Company are estimated be-  
tween three and six millions, with  
liabilities of a few hundred thousand  
more, according to the firm's attor-  
ney, William Willhardt.

### Apple Which Skidded Mother Eve Goes Its Depraved Way as Cider

WASHINGTON, July 13.—The  
homely old word "cider" is soon to  
be no more if the Department of Ag-  
riculture can make it obsolete. It  
will be "apple juice" to get around  
the ban of the Anti-Saloon league.  
"Cider," coming from the Hebrew  
word "sheker" of the Bible, meaning  
"a kind of strong drink," is again be-  
coming an important farm product,  
but the very name raises the suspi-  
cion of those who like apples natu-  
rally in pie.

To escape this a bulletin on the  
"Farm Manufacture of Unfermented  
Apple Juice" has been issued. The  
oldtime press, the oldtime apples  
crushed as in days of yore, and the  
same liquid results will flow, but it  
is no longer cider. It is "apple  
juice."

Having established the new name,  
United States cider experts proceed  
to tell orchardists and farmers how  
to make it at a profit.  
"Unfermented apple juice may  
justly be called the great American  
beverage," says the department bulletin.  
"It is more generally popular and  
it made and consumed in much  
greater quantities than any other  
beverage juice."  
It is estimated that more than 100-  
000,000 gallons will be made this

### Uncle Sam Helps The Working Girl

WASHINGTON, July 14.—Uncle  
Sam's Department of Agriculture does  
work of many interesting sorts, its  
ramifications extend to divers direc-  
tions, not solely included under the  
subject of agriculture, and one of the  
most helpful of these is aiding in the  
subjugation of the summer high cost  
of clothing. A recent publication of the  
department declares that the business  
girl, with a reasonable amount of zeal,  
can use part of her spare time to such  
effect that she can cut in half her  
clothing bill.

In the first place, says the circular,  
it must be granted that the important  
way to reduce costs is to eliminate as  
far as possible the items of labor and  
distribution. In other words, the  
business girl should make her own  
clothing, otherwise, unless she's a  
wizard at nosing out bargains, she  
stands little chance of reducing her  
clothing budget.  
The business girl may claim, says  
Uncle Sam, that she has not the time  
or energy left after a strenuous day's  
work, but a skilled sewer who enjoys  
sewing as an interesting and profitable  
change of occupation can always find  
time and energy. In this connection,  
the department cites the case of a  
girl in a government department, who,  
with the aid of the circulars and ex-  
tension work of the Department of  
Agriculture, was very successful in  
keeping her wardrobe supplied at  
comparatively low cost, one-half, in  
fact what the same clothing would  
have cost ready-made.

To begin with, she got a depart-  
ment circular telling how to make a  
dress form by pasting layers of gum-  
med bundle wrapping paper over a  
slightly fitting vest on herself as a  
model. When the paper casing was  
cut off and fastened together, she had  
a light, stiff and perfect reproduction  
of her form. So it was not necessary  
to purchase a store figure.

The girl reported that her latest  
wardrobe cost her only \$103 for cloth-  
ing conservatively estimated to be  
worth \$210 at store prices. With the  
aid of her paper form she made, for  
\$24.61, a tapboardcloth winter coat  
with good lining, such as she had  
priced at \$50 in the shop. A blue  
voile dress with a slip, cost, includ-  
ing trimming, \$11.09. A tissue ging-  
ham dress, with organdie for trim-  
mings and also hemstitching, cost  
\$6.23; with scraps and a remnant she  
made another gingham dress for ex-  
actly 45 cents.

For \$15 she bought materials to  
make a pussy willow taffeta and  
georgette crepe dress for social occa-  
sions, which, she said, she could not  
duplicate in quality at a store for less  
than \$35. Her business dress of serge  
and crepe de chine would have been  
priced at \$40 or more if made of the  
good fabrics she bought for \$18.39.  
Her evening dress, also, of taffeta and  
silver lace, cost only \$21, although it  
was modeled after one seen at a shop  
at much higher price.

This wardrobe, augmented by two  
dresses for which materials were  
bought, brought the total up to  
\$108.34, is not elaborate, though suffi-  
cient for the needs of the wearer, it  
was said, and, having a variety of  
clothing she was able to attend many  
social functions she otherwise would  
not have.

Without the dress form, the girl  
reported, it was doubtful if she could  
have duplicated her achievement in the  
time at her disposal; but she  
not only had time left over for other  
activities, but also to make such gar-  
ments for other girls and to hold  
classes to teach many others.

### Wets Still Talk Of a Candidate

WINCHESTER, Va., July 13.—  
The movement launched some weeks  
ago by a number of politicians of  
"liberal" tendencies, headed by  
Charles H. Shipman, of Leesburg,  
 Loudoun county, to name a candi-  
date for the United States Senate  
who would favor modification of the  
Volstead act and vote for other re-  
forms, has not died out.  
On the other hand, there is a lively  
interest in forming a State-wide  
organization and a candidate of high  
moral character will be in the field  
at the November election, according  
to a statement authorized today by  
Mr. Shipman from the headquarters  
of the Independent party of Virginia  
at Leesburg.

### Pickpockets Are Real Speculators

NEW YORK, July 14.—The mod-  
ern pickpocket in New York is a spec-  
ulator. He invests a little change in  
the hope of getting large returns. And  
here, according to that fountain-head  
of information, the police, is the way  
he does it:  
Having selected a potential victim  
the pickpocket drops a coin in front  
of him. Then he calls the stranger's  
attention to it, softly insinuating it  
perhaps he did not drop the coin.  
More often than not the stranger re-  
considers it possible he might have, and  
stoops over to pick up the money.  
Whereupon the pickpocket lifts the  
wallet from the stranger's hip-pocket.

**HEAT KILLS FIRE ALARM MAN**  
ELIZABETH, N. J., July 13.—  
Heat caused the death today of  
George Neffs, superintendent of the  
city alarm system. He had been  
unconscious at First and Bond streets,  
and died on the way to Alexan-  
der Brothers Hospital.

### Merchant Escapes Death at Hands Of Boy Highwayman

PETERSBURG, Va., July 13.—  
Only the timely approach of an au-  
tomobile saved the life of Robert  
Hazelwood, proprietor of a store at  
Krydell, near Blackstone, according  
to a dispatch received here yester-  
day. Hazelwood stood looking down  
the muzzle of revolver held in the  
hands of a young highwayman, who  
was about to fire after Hazelwood  
had refused to obey his command to  
open his safe.

As the automobile approached the  
highwayman turned on his heels  
and fled through a rear door. Black-  
stone officers engaged in the search  
for him and Sergeant D. Weiseger  
and Officer Bryant D. Goodwin, soon  
captured him. He gave his name  
as "Ted" Inge and his age as 18  
years.

Hazelwood was alone at the store  
about 11 o'clock Tuesday morning  
when the boy approached. The boy  
pointed a pistol in the merchant's  
face and demanded that he open the  
safe and hand over the money and  
other valuable contents it contained.  
Hazelwood refused.

### TO INSTALL RADIO

RALEIGH, N. C., July 13.—Frank  
Page, state highway commissioner,  
will install a radio station at the  
headquarters in the state in order to  
be in constant communication with  
the district force. The outfit will  
probably be at work during August

### Woman Drowns In Moonshine

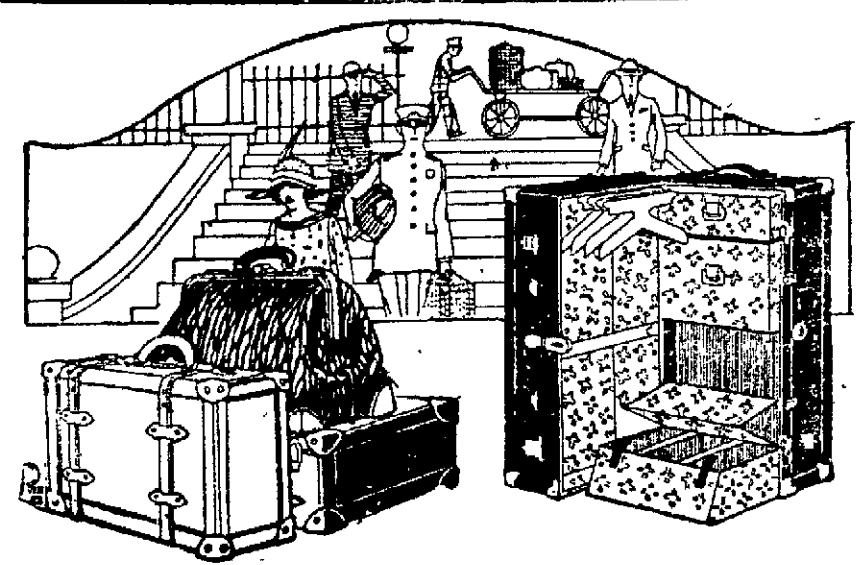

CHICAGO, July 13.—Mrs. Frances  
Mesus, mother of four children, was  
found dead in the basement of her  
home last night. The woman, who  
is 45 years old, had been drowned  
in a barrel half filled with moon-  
shine.  
John Todars, 42 years old, a board-  
er in the Mesus home, is under ar-  
rest. Search was also instituted for  
Felix Mesus, her husband. The body  
was found by Todars when he re-  
turned from work.  
Examination disclosed that death  
was due to drowning, but discolora-  
tions about the face indicated that  
she had been badly beaten.  
A neighbor said she had seen Mes-  
us running from the house shortly  
after noon, after she had heard  
quarrelling.  
In the basement police found four  
barrels of moonshine and more than  
fifty quart bottles.

### Sim Lawhorn Found Guilty

(By The Associated Press.)  
TIFTON, Ga., July 14.—A verdict  
of guilty, with a recommendation for  
life imprisonment was today return-  
ed by the jury in the case of Sim  
Lawhorn, charged with the murder of  
S. S. Monk, aged 70, his landlord, in a  
dispute over money matters, a month  
ago.

On board a vessel bound for India re-  
cently a man was bitten by a poison-  
ous reptile; both the ship doctor and  
a famous surgeon failed to control  
the poison fast spreading through his  
system.  
In a day the vessel reached port. An  
Indian medicine man was sent for,  
who produced a native herb which  
quickly allayed the poison and the  
man's life was saved.  
Roots and herbs are nature's assis-  
tants in combating disease. That well  
known medicine for ailments peculiar  
to women, Lydia E. Pinkham's Veg-  
etable Compound, is prepared from  
roots and herbs, possessing medicinal  
properties of great value in the treat-  
ment of such ailments.  
This is proved by the letters of rec-  
ommendation we are continually pub-  
lishing in this paper for it.—adv.

## Bulgaria Puts Everyone To Work

SOFIA, Bulgaria, July 13.—When Peter Stamboulsky conceived the idea that it would be a good thing to compel every able-bodied man and woman in Bulgaria to work 10 days a year for the state, he probably expected the trouble which has ensued, for he described as a far-sighted statesman with an active imagination. In any event, he has entered the lists to defend the weak spots in his innovation, and his principal opponents are the young women of the land.

In the first place the young Moslem women of Bulgaria have refused point-blank to do a thing. The cite the position given them in their homes by their religion, and refer the authorities to various groups of fathers and brothers armed with knives, pistols and rifles, who are violently opposed to their female relatives doing their labor to the state. The premier has proposed they be deprived of their vote, and has threatened arrest. The women still resist passively. Now Stamboulsky says they will work for the government, or he will know the reason why.

September will be interesting, for then the 1922 class of women will be called to labor without pay in public buildings, gardens, etc. And the women other than those of the Moslem faith say they will work when the Moslem women do, in the meantime offering encouragement and support to their belligerent sisters.

There also have been called to the public gardens, as it were, professional men from the cities, men unused to hard labor, whose soft hands daily attach white collars to silk shirts. In the beginning they went through the motions of work, but did virtually nothing. Why labor when one could soldier? Then the gang bosses gave piece work, each man could quit when his stint was done. As a result, two hours often sufficed for what previously had not been completed in 10. But little by little the bosses increased the allotments, and now the inveterate reaction has set in. The bourgeoisie are daily complaining of sore backs; blistered hands; bad eyesight, sunstroke; hunger, thirst and other handicaps.

"These rotten bourgeois don't love their country, are lazy and incapable," declared Stamboulsky, exasperated at not being able to force work out of the men mobilized.

The law has given rise to many amusing situations. It is pointed out that Stamboulsky himself has not done any work. As a cabinet minister he is exempt. Likewise all peasant field laborers, farmers and city workmen are exempt, and as the population of Bulgaria is largely agricultural the law applies mostly to professional men, such as lawyers, dentists, doctors and shopkeepers.

The newspaper men turned out in a body and did their work cheerfully, found that it did them good physically, and then went home to write amusing articles based on their experience.

## Boys Make Money Selling Papers

Unusual opportunities are open to boys twelve years or over, selling the Register and Bee daily. One hundred per cent. profit on sales. The new unjust child labor law will force many of the young newsboys to give up a profitable business for the present.

## WHY IS A STREET CAR?

Because in Danville about four million times every year some citizen or visitor wants to ride to where he or she is going instead of walking, thereby saving time and a denery.

The group of citizens furnishing that form of transportation, after rendering reasonably good service are entitled to some return for their efforts and investment.

Don't you think so too?

## FASHION DESERTS SABLE FOR BROWN SHADES

GOING, going and almost gone are the sable graperies of the past two seasons. Fashion has ceased mourning in black and is rejoicing in

all the colorful variations of brown. "Cinnamon," "mocha" and "rust" are three new shades. They are shown in afternoon, dinner and evening gowns in combination with autumnal reds, dull gold embroidery and gleaming bronze beads. Evening gowns also are partial to buttercup yellows and to coral shades. Less trimming is used on these advanced fall models than has been favored recently since the new lines—long and draped—make it necessary.

## MAKING HOT FIGHT TO BEAT SENATOR REED

ST. LOUIS, Mo., July 13.—With the Missouri primary election yet nearly a month distant, statewide interest in the United States senatorial contests—especially the Democratic—has already reached the "boiling over" point.

Breckenridge Long, former third assistant secretary of state during Wilson's administration, and Robert L. Young, of St. Joseph, are seeking the mantle of Senator James A. Reed. It is an out-and-out fight between Reed and Long and their battle lines are clearly drawn. At the outset of the campaign, former President Wilson wrote a series of letters to St. Louis newspaper editors and politicians charging Reed in substance with deserting the Democratic standard. In one communication, he termed the silver-tongued Missourian a "marplot."

The Wilson letters are interpreted throughout the state as Hilson's pass save, at least, support of Long against Reed, although the former's name was never directly mentioned.

Reed has replied in his characteristic smashing, aggressive manner. Taking the stump the first week in May, the senator at once leaped to the aggressive, defending his own political record and challenging that of Long's.

Republican situation is more complicated. Seven candidates filed to have their names placed on the ballot for submission to the voters at the primary August 1.

## FOR SALE—MISCELLANEOUS

FOR RENT—2 FURNISHED BED-rooms, hot and cold water, close to business. Price reasonable. 817 Main Street. B&R

They are R. R. Brewster, Kansas City lawyer; State Senator David Proctor, Kansas City; Attorney General Jesse M. Barrett; John C. McKinley, former lieutenant governor; William Sacks, St. Louis millionaire; Colonel John H. Parker, commander of the seventh army corps area, and Sterling P. Bond, St. Louis.

The nomination today apparently lies between the first four named. None can strictly be termed the "old guard" candidate. Brewster, who took the stump for Roosevelt, enjoys the support of every Kansas City newspaper, that of Governor Arthur H. Hyde, and presumably the state organization. He also has the backing of the Kansas City "house-cleaning" element and is favored by many St. Louis Republican leaders.

Proctor, who has waged a vigorous campaign, declares he will carry 45 per cent of the counties of the state. But the Democratic senatorial contest apparently has overshadowed interest in the Republican fight. So strenuous has been Reed's stumping tour that early in June, his backers feared he might suffer a physical breakdown, when he was enforced to quit speaking one night in the middle of an address. To rallied overmuch, however, and has since taken up the fight more vigorously than before.

The Democratic state committee has issued a formal statement declaring it does not support the candidacy of any individual in the primary.

Reed's strength will come, mainly from the larger cities, his friends admit. Impartial observers declare that in a score of counties Long has a lead of from two to five to one. Reed will spend the closing days of the campaign in the smaller communities, while Long will stump in the cities.

Whether Reed can overcome this situation by a big vote in St. Louis and Kansas City, or by making gains through personal appeals between now and August 1, is one of the big questions of the campaign.

**COLLEGE PITCHER SIGNS** AUGUSTA, Ga., July 13.—Claude Johnston, a young college pitcher from Alabama, has signed with the Augusta baseball club, and will report to Forest City in Charlotte immediately.

## BRITAIN TO REPAY LOAN

LONDON, July 13.—The Evening News today says arrangements for payment of the British loan to America in a lump sum in the near future are in an advanced stage. It declares repayment will be made by means of a loan to be raised jointly in England and America.

France Also to Pay Up  
NEW YORK, July 13.—Bringing the message that France will pay her debt but adding that "a lot depends on Germany," Jean V. Parmentier, official representative of the French Government, arrived today on the steamer La Sore in his way to Washington as an adviser at the coming session of the Inter-Allied Debt Funding Commission.

If the German people were taxed by their Government as the people of France, he said, Germany could probably come close to paying the full reparation demanded of her. "The debt of France to America," he said, "we must consider as part of the inter-Allied debt, in which France also owes Britain, and Britain is indebted to the United States."

"If Great Britain and the United States press France for payment of her debts to them, then France will be forced to create a situation so bad that I would not dare talk about it now."

## METHODS OF PROMOTING WOMEN'S CLUES ARE DISCUSSED AT MEETING

CHATTANOOGA, Tenn., July 13.—Proposals that the federal convention of business and professional women clubs set aside money received from the sale of emblem pins for retiring its debts and later used such funds for promoting the organization's activities were made at the federal convention here today by its president, Mrs. Lena Lake Forrest.

Action on the suggestion went over. Methods of promoting the organization along other lines also were proposed.

Plans designed to give women better opportunities in general education and in the business world were discussed tomorrow by Dr. C. L. Hatcher, president of the Southern Women's Educational Alliance and chairman of the federation's department of education.

## ODD FELLOWS NOTICE

Installation of officers at Bethesda Lodge No. 38, tonight. Visiting brothers are cordially invited, good talks and light refreshments. Come, you are welcome.

By order of J. L. Powell, H. G. F. N. FARLEY, R. S.

## ATTENTION OWLS

You are requested to attend a grand get-together meeting of all Owls at their nest over Frank B. McFall's drugstore Monday night, July 17, at 7:30 o'clock. There will be several prominent speakers, after which refreshments will be served. Be sure to come and bring your family with you. It's the desire of the nest to have a large attendance.

JNO. W. NORBURNE, R. S. 7-12-B, wed. fri. sat. R-su

## A Peg-Legged Pet

When an auto crushed the pet Airedale of Teddy Ayres, San Fran-  
cisco, the boy pleaded that the dog be saved. And here's the dog with  
a leather leg that straps over his back.

Six Candidates For  
Senate From Ohio

COLUMBUS O., July 13.—(By The  
Associated Press).—Six candidates,  
including Senator Pomerene himself  
want to become United States senator  
from Ohio at the conclusion of Sena-  
tor Allee Pomerene's term next March  
31st.

Four Republicans and two Demo-  
crats have entered for the nomination  
at the Ohio statewide primaries on  
August 8. Senator Pomerene's lone  
opponent is former Congressman John  
J. Lentz, of Columbus, president of  
the American Insurance Union, who  
was defeated for the nomination by  
Senator Pomerene six years ago. Pom-  
erene's friends have said they are  
not taking the Lentz candidacy seri-  
ously, and that they expect the sena-  
torial seat to be renominated by a  
large vote.

The Republican camp, the main  
contest, politicians say, appears to be  
between Congressman Simeon D. Fess,  
of Yellow Springs, who is chairman  
of the National Republican Con-  
gressional committee, and Charles Dick,  
of Akron, formerly United States sena-  
tor from Ohio and author of the Dick  
National Guard bill, a strong advo-  
cate of a strong advocate of national  
prohibition and a supporter of the Har-  
ding administration. Dick was de-  
feeted for renomination six years ago,  
and his entry into the present cam-  
paign caused some surprise in polit-  
ical circles.

Opposed to Fess and Dick are John  
W. Arnold, of Columbus, former lieut-  
enant governor, and David W. Wood,  
a Civil War veteran and an inmate of  
the Ohio Soldiers' Home at Sandusky.

Although chief interest in the pri-  
mary in the primary appears to be  
centering in the contest for the Re-  
publican nomination for governor, the  
Democratic gubernatorial fight is at-  
tracting considerable attention.

Despite the claims of friends that  
he should have had no opposition  
because he was the defeated candidate  
two years ago, former State Auditor  
A. V. Bonney, of New Philadelphia,  
is opposed by three other contestants.  
Those opposing him for the nomi-  
nation are James G. Johnson, of Spring-  
field, a justice of the Ohio supreme  
court, J. Duffy, of East Liv-  
ingston, head of the state industrial  
commission, and A. P. Sandles, of Ot-  
tawa, for several years secretary of  
the state board of agriculture.

However, Sandles' name may not  
get on the ballots because of an al-  
leged technicality. While his peti-  
tion on file with the secretary of state bore  
his name, investigation disclosed that  
the petition was signed by his secre-  
tary while he was out of the state on  
a speaking tour. His name has been  
ruled out by the secretary of state, but  
his friends are urging him to appeal  
to the courts.

Donahew, a former member of the  
legislature and a delegate to the Ohio  
constitutional convention in 1912,  
won the Democratic nomination for  
governor two years ago, but was de-  
feated for election by Harry L. Davis  
of Cleveland. In the Republican han-  
dles of this year, Donahew and Duffy  
claim strong labor support.

Friends of Judge Johnson claim  
that he will have much of the or-  
ganization support over the state.

Tells How Sheik  
Asked Her Hand

CUMBERLAND, July 12.—Mrs.  
Edith Edw. Fowler, who returned  
with Mrs. M. C. Gillette and the lat-  
ter's daughter, Mrs. Lois Gillette, from  
a tour abroad, tells of a proposal of  
marriage by Sheik Abou Ben Hassan  
in a recent house party at the tour-  
ist hotel in Rome, when the tour-  
ists made a little dance.

It was a real hot day when Cousin  
Fowler and I did it, and I was very  
tired, we saw a little village and  
were approached by a Sheik, who had  
a person under his command. He  
told us to take coffee with him. We  
went to his house and sat on Sheik  
Abou Ben Hassan's porch, where we  
were offered Turkish coffee and  
Beyhan cigarettes were offered all  
day long.

After Sheik was also intro-  
duced and after sitting at the table  
for some time, I was told that I  
was to be the wife of the Sheik. I  
was very much surprised and I was  
told that I was to be the wife of the  
Sheik. I was very much surprised and  
I was told that I was to be the wife  
of the Sheik. I was very much sur-  
prised and I was told that I was to  
be the wife of the Sheik. I was very  
much surprised and I was told that  
I was to be the wife of the Sheik.

Declines Offer  
I declined the offer and I was  
told that I was to be the wife of the  
Sheik. I was very much surprised and  
I was told that I was to be the wife  
of the Sheik. I was very much sur-  
prised and I was told that I was to  
be the wife of the Sheik. I was very  
much surprised and I was told that  
I was to be the wife of the Sheik.

Warns Golf Players  
To End Sunday Play

CONCORD N. H., July 12.—Golf  
players of Concord were warned to-  
day not to indulge in their pastime  
on Sunday, in a letter addressed by  
County Solicitor Raine to the offi-  
cers of the Beaver Meadow Golf club  
of this city. This action followed  
complaints after the arraignment in  
police court yesterday of 15 men who  
participated in a baseball game  
here July 9.

The baseball players pleaded no  
contender and their cases were con-  
tinued until July 17. Those inter-  
ested in Sunday baseball have threat-  
ened if their games are prohibited  
they will move for rigid enforcement  
of the ancient blue laws, by which  
all pastimes are forbidden on Sun-  
day.

Threat has been directed against  
Sunday motorists and prosecution of  
the campaign would ban canoeing  
and bathing on the Contoocook  
river, near here, in which hundreds  
of people indulge. Under the blue  
laws even a Sunday afternoon stroll  
with one's wife and children is il-  
legal.

An attempt to stop motoring would  
involve serious complications as Con-  
cord is on the White Mountain high-  
way and thousands of cars pass  
through the city every Sunday. Law-  
yers say that strict enforcement of  
laws that never have been repealed  
would make every motorist subject to  
arrest, and that the sale of Sunday  
newspapers would be stopped. It is  
this strict enforcement that the base-  
ball players have threatened to bring  
about.

—Mrs. H. M. Hale and Miss Bessie  
Hale have returned to their home in  
Lebanon, N. C. after a visit with  
Mrs. J. T. Travis, Paxton street.
